DAY

ROALD DAHL DAY

Help to make life more MARVELLOUS for seriously ill children

This Roald Dahl Day, we invite you to host your own Roald Dahl Day Party and raise much needed funds for Roald Dahl's Marvellous Children's Charity. We're a small charity with a BIG impact.

We help families facing serious illness overcome life's toughest challenges by funding Roald Dahl Nurses and Marvellous Family Grants. By donating, you can help more families access specialist children's nurses and family support.

How You Can Help

Celebrate with us on 13 September - Roald Dahl's Birthday - and raise money by hosting a Roald Dahl Day Party with your colleagues. You could choose to:

- Host a Roald Dahl revolting recipe bake sale. You could even bake your own Bruce Bogtrotter, deliciously indulgent chocolate cake - yum!
- Throw a lucky golden ticket raffle - Ask your local community to donate some prizes and spread the word about our charitable work.
- Put on a Roald Dahl quiz in the office or a local venue and test your knowledge of Roald Dahl's world - truly terrific!

Get Social with #TeamMarvellous

Pssst! If you're holding your own Roald Dahl Day party, be sure to tell us all about it. We just love to share on social media and promote your day! Use the hashtag #RoaldDahlDay

Be Brave for children like Urte

This Roald Dahl Day, we're celebrating the theme of bravery with Roald Dahl's *Mattilda*. Dahlicious donations help us to fund Roald Dahl Nurses such as Jennifer. She provides expert care to Urte and her family after she had an accident, resulting in an acquired brain injury. Why not incorporate the theme of bravery into your day?

Your Donations

- £25 pays for an hour of specialist care from a Roald Dahl Nurse
- £50 pays for a play specialist session reducing anxiety about treatment
- £180 pays for a day of nursing from a specialist Roald Dahl Nurse
- £700 pays for an epilepsy monitor to help parents monitor their child at night
